#### Features

##### CORDURA®

CORDURA® is a very sturdy, textured polyamide fabric, which is extremely tear- and abrasion-proof. Special yarns, specially developed weaving techniques, dyeing methods and additional textile finishing ensure that products with CORDURA® can be used as durable and comfortable workwear.

##### BIONIC-FINISH Water Repellency

Nature-inspired technology gives textiles water-repellent properties and is based on a technology that does not intentionally use fluorine-containing finishing chemicals. A special microstructure on the fibre surface helps water and aqueous soiling to bead up and roll off, while preserving the material's characteristic properties.

##### GRS Outer shell 65%

The indicated percentage of this product consists of recycled polyester, certified according to the Global Recycled Standard (GRS). The GRS is a globally recognized standard that verifies the presence and amount of recycled polyester, ensures traceability throughout the entire supply chain, and includes additional requirements for environmental and social practices.

##### OCS Outer shell 32%

The indicated percentage of this product consists of organically grown cotton, certified according to the Organic Content Standard (OCS). The OCS is a globally recognized standard that verifies the presence and amount of organic material and ensures traceability throughout the entire supply chain.
