CORDURA®

CORDURA® is a very sturdy, textured polyamide fabric, which is extremely tear- and abrasion-proof. Special yarns, specially developed weaving techniques, dyeing methods and additional textile finishing ensure that products with CORDURA® can be used as durable and comfortable workwear.

BIONIC-FINISH Water Repellency

Nature-inspired technology gives textiles water-repellent properties and is based on a technology that does not intentionally use fluorine-containing finishing chemicals. A special microstructure on the fibre surface helps water and aqueous soiling to bead up and roll off, while preserving the material's characteristic properties.
